Magswitch Product Spec Sheet

Pivot Angle 200

Magswitch Part Number 8100367

Perfect For All Odd Angle Fabrication!

- Fast, Easy Assembly At Any Angle From 22° To 270°
 - Scale On The Side Allows For Easy Angle Setting
- Exposed Sides Of The Magnets Allow For More Holding Points, Or For Holding Down To The Table
 - Can Be Used Flush On Any Fab Table
 - Powered By Two 200 Lb Magswitch Magnets
 - Pipe Notch For Use On Pipe/Tube Stock

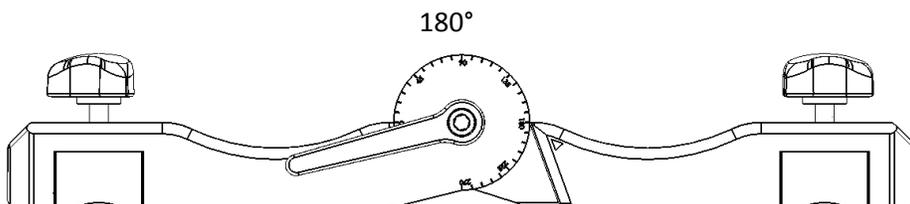

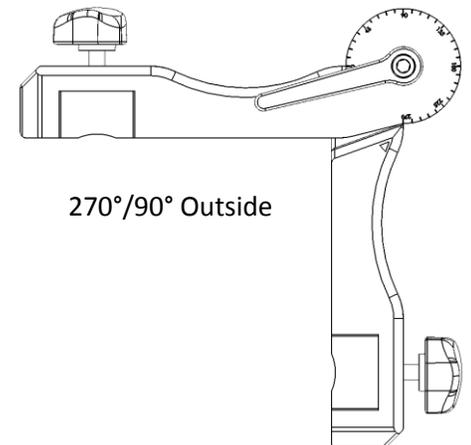

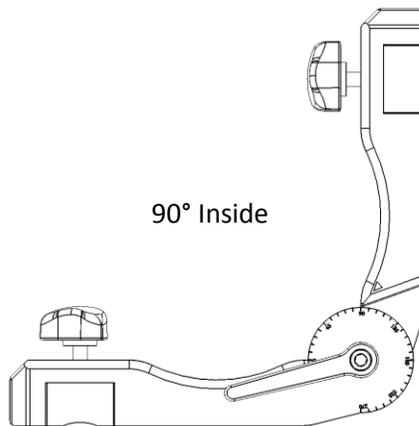

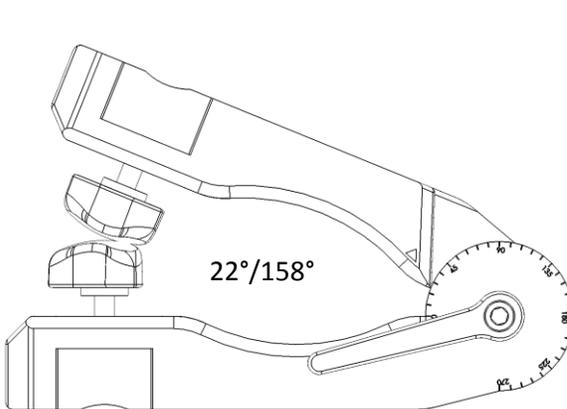

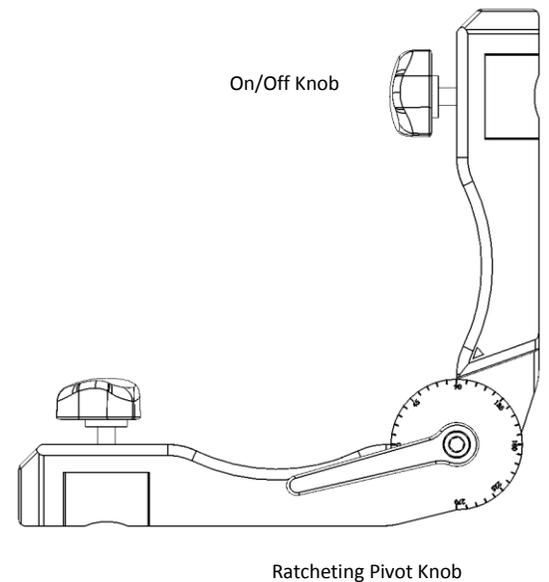

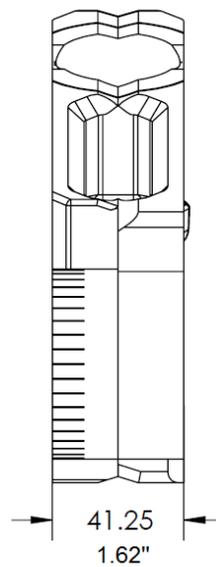

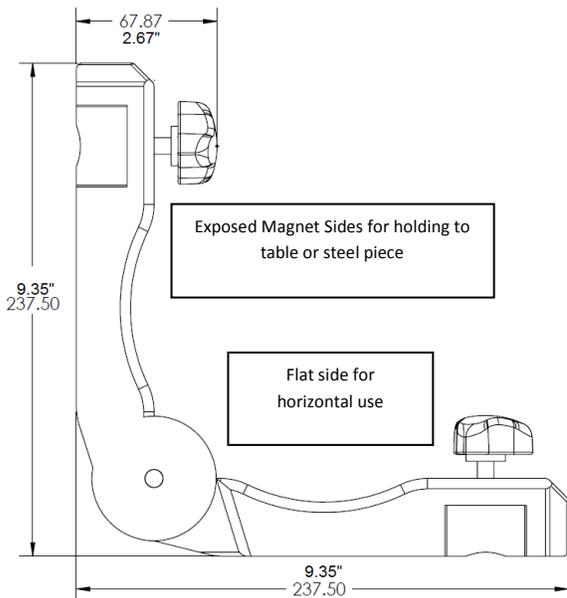

- Ratcheting Knob For Securing The Angle
- Quick And Easy Assembly Of Steel Parts
- ½ Turn Of The Knob Turns Magnets On/Off
- Easily Positioned On Flat Or Round Stock
- Turns Completely Off For Removal And Cleaning
 - No Batteries, No Electricity Required!
 - Item Weight 3 Lbs(1.4 Kg)

Magswitch Product Spec Sheet

Includes

1-Pivot Angle 200 With Ratcheting Knob Installed

Magswitch Product Spec Sheet

Boomerangle 150

Magswitch Part Number 8100091

Perfect For Welding And Fabrication

Precise Positioning And Strong Hold For Virtually Unlimited Angles!

- Each Magnet Has **Up To** 150Lbs (68 kg) Of Holding Power!
 - Magnets Pivot For Inside Or Outside Holding
- Magnets are preset in rotation for 90° angle on the inside & outside.
 - Ratcheting Knobs Allow For Optimum Positioning And Access
 - Allows For Secure Holding Of Pipe And Flat Steel
 - ½ Turn Of The Knob Turns The Magnets On/Off
 - Handles Lock In On Position For Secure Hold
 - Push Down And Turn Counterclockwise To Turn Off
 - Turns Completely Off For Removal And Cleaning
 - Item Weight 3.02 Lb (1.37 KG's)

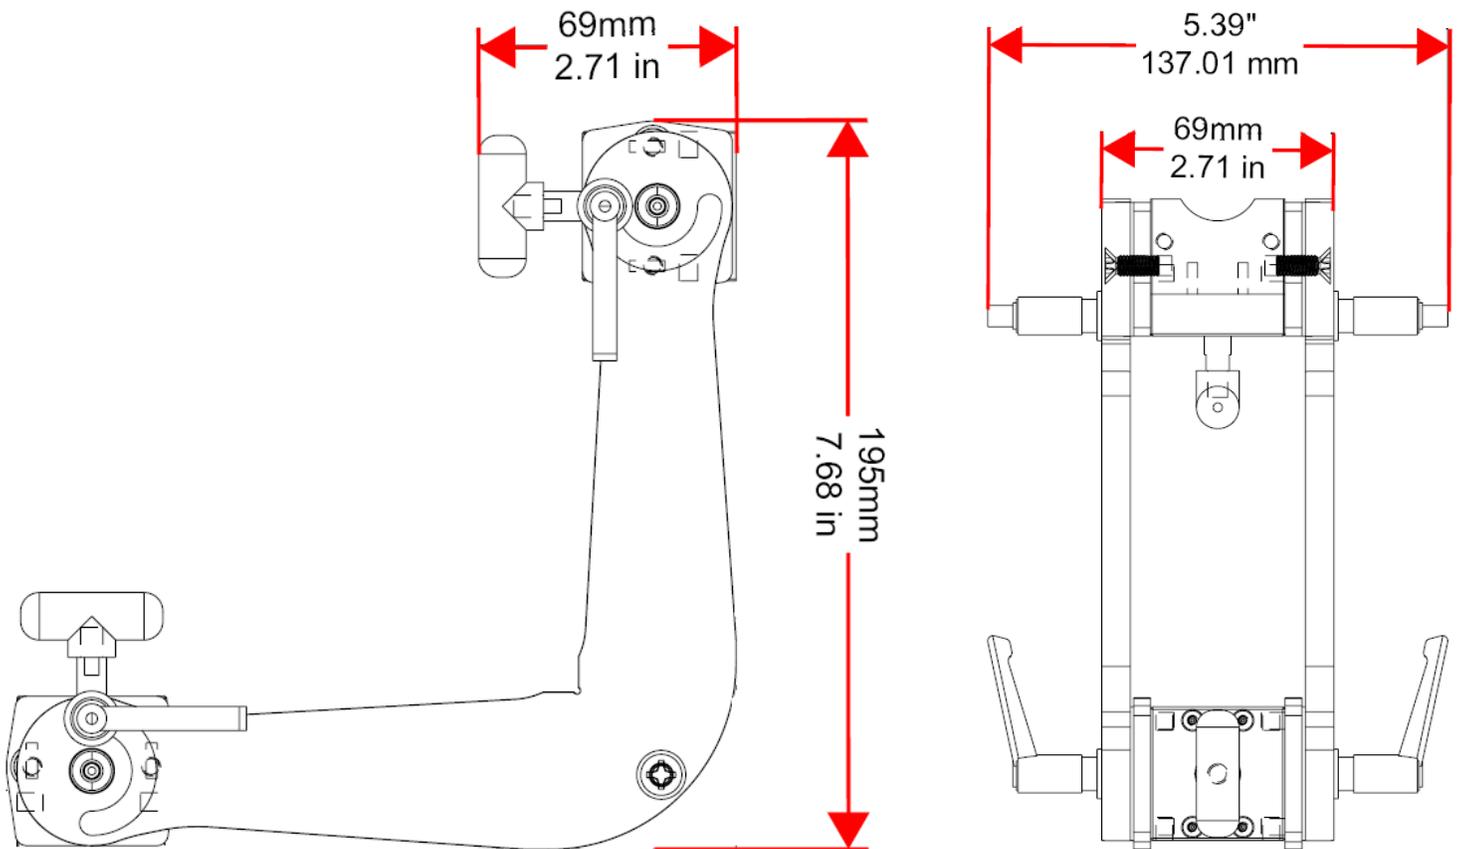

Magswitch Product Spec Sheet

Contains

1-Boomerangle 150

4-Ratcheting knobs

4-Washers (must be installed under knobs)

Magswitch Product Spec Sheet

BoomerAngle 600

Magswitch Part Number 8100090

Perfect For WeldingAndFabrication

Precise Positioning And Strong Hold at Virtually
Unlimited Angles!

- Each Magnet Has **Up To**600 Lbs(272 Kg) Of Holding Power!
 - Magnets Pivot For Inside Or Outside Holding
- Magnets are preset in rotation for 90° angle on the inside & outside.
- Knobs On One Side Can Be Removed For Flat Work On Table Tops
- Ratcheting Knobs Allow For Optimum Positioning And Access
 - Allows For Secure Holding Of Pipe And Flat Steel
 - ½ Turn Of The Knob Turns The MagnetsOn/Off
 - HandlesLock In ON Position For Secure Hold
- Push Down And Turn Counterclockwise To Turn Off
 - Turns Completely Off For Removal And Cleaning
 - Item Weight 8.69 Lb (3.94 Kg)

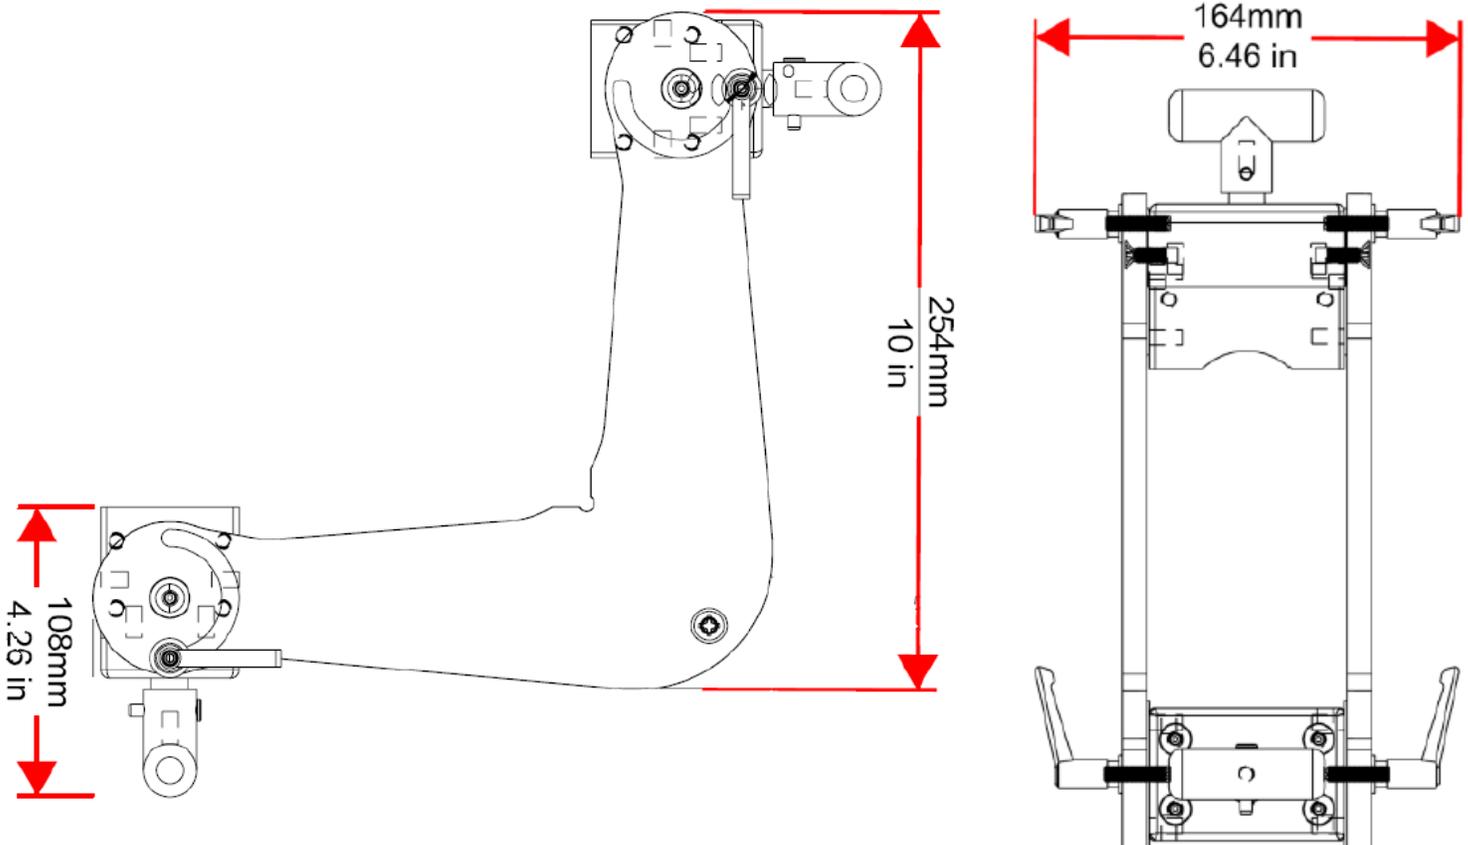

Magswitch Product Spec Sheet

Contains

1-Boomerangle 600

4-Ratcheting knobs

4-Washers (must be installed under knobs)

Magswitch Product Spec Sheet

90 Degree Angle 150

Magswitch Part Number 8100010

Perfect For Welding And Fabrication

Precise Positioning And Strong Hold At 90 Degrees!

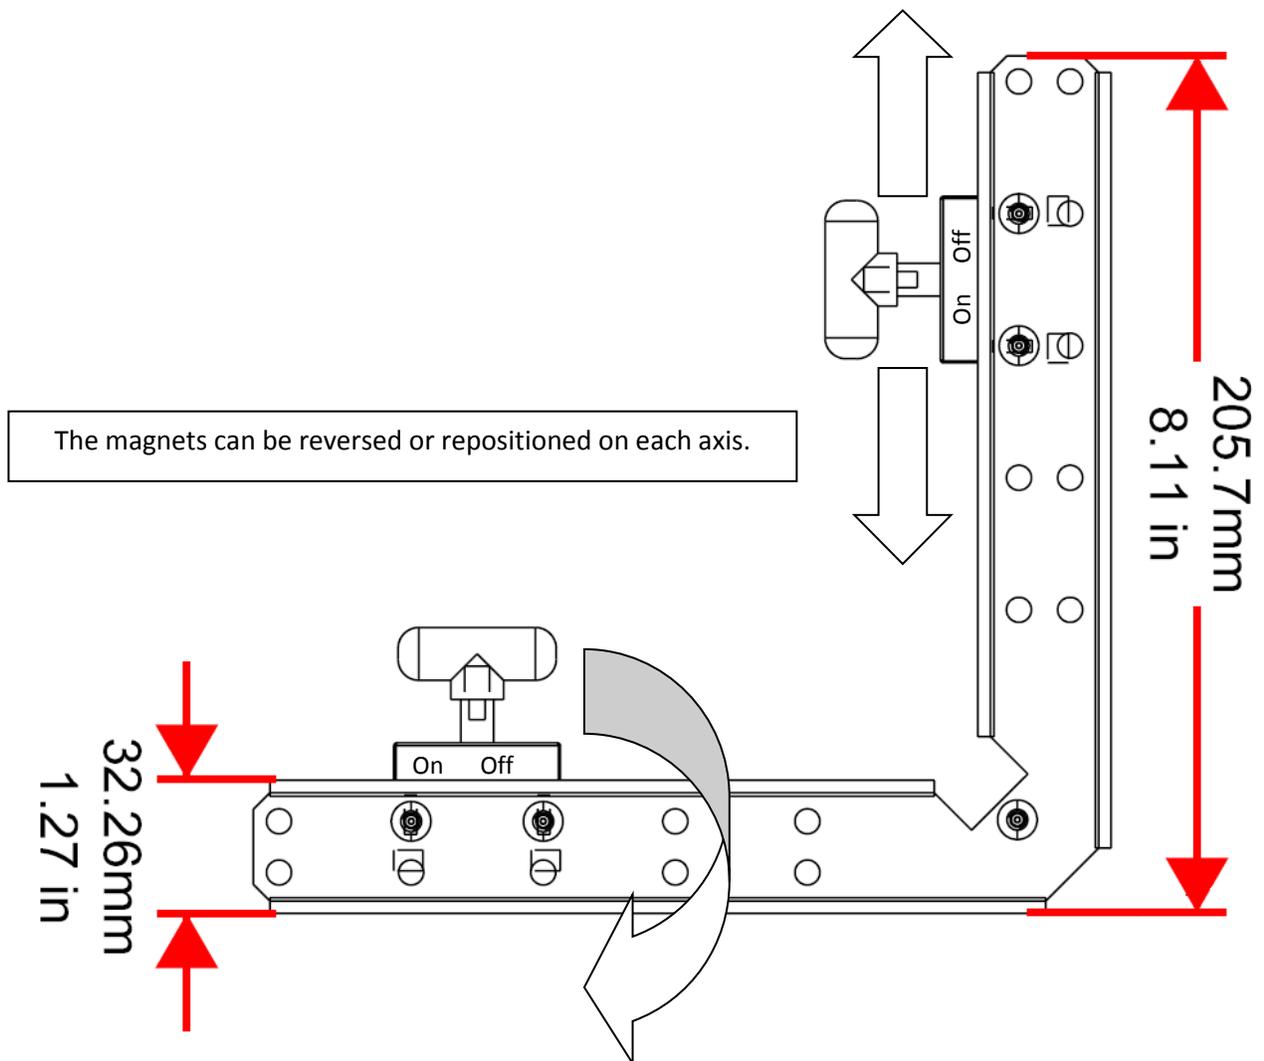

- Comes With Two Magnets, Will Accept Two More For Greater Holding Power.
- Most Versatile 90° Angle: Magnets are Reversible For Inside Or Outside Holding
- Most Versatile 90° Angle: Magnets Can Be Repositioned For Various Sizes Of Steel
 - Each Magnet Has **Up To** 150 Lbs(68 kg) Of Holding Power!
 - Allows For Secure Holding Of Pipe And Flat Steel
 - ½ Turn Of The Knob Turns The Magnets On/Off
 - Handles Lock In ON Position For Secure Hold
 - Push Down And Turn Counterclockwise To Turn Off
 - Turns Completely Off For Removal And Cleaning
 - No Batteries, No Electricity Required!
 - Item Weight 2 lb2oz (965Grams)

Magswitch Product Spec Sheet

Includes

1-90 Degree Angle w/2-MagSquare 150's installed

- Use only stainless steel M5 screws to attach to side plates (included)
- All "ON" sides of magnet must be facing the same way for proper strength.(ON—OFF—ON—OFF) similar to batteries in a flashlight. See Diagram above.

Magswitch Product Spec Sheet

90 Degree Angle 600

Magswitch Part Number 8100036

Perfect For Welding And Fabrication

Precise Positioning And Strong Hold At 90 Degrees!

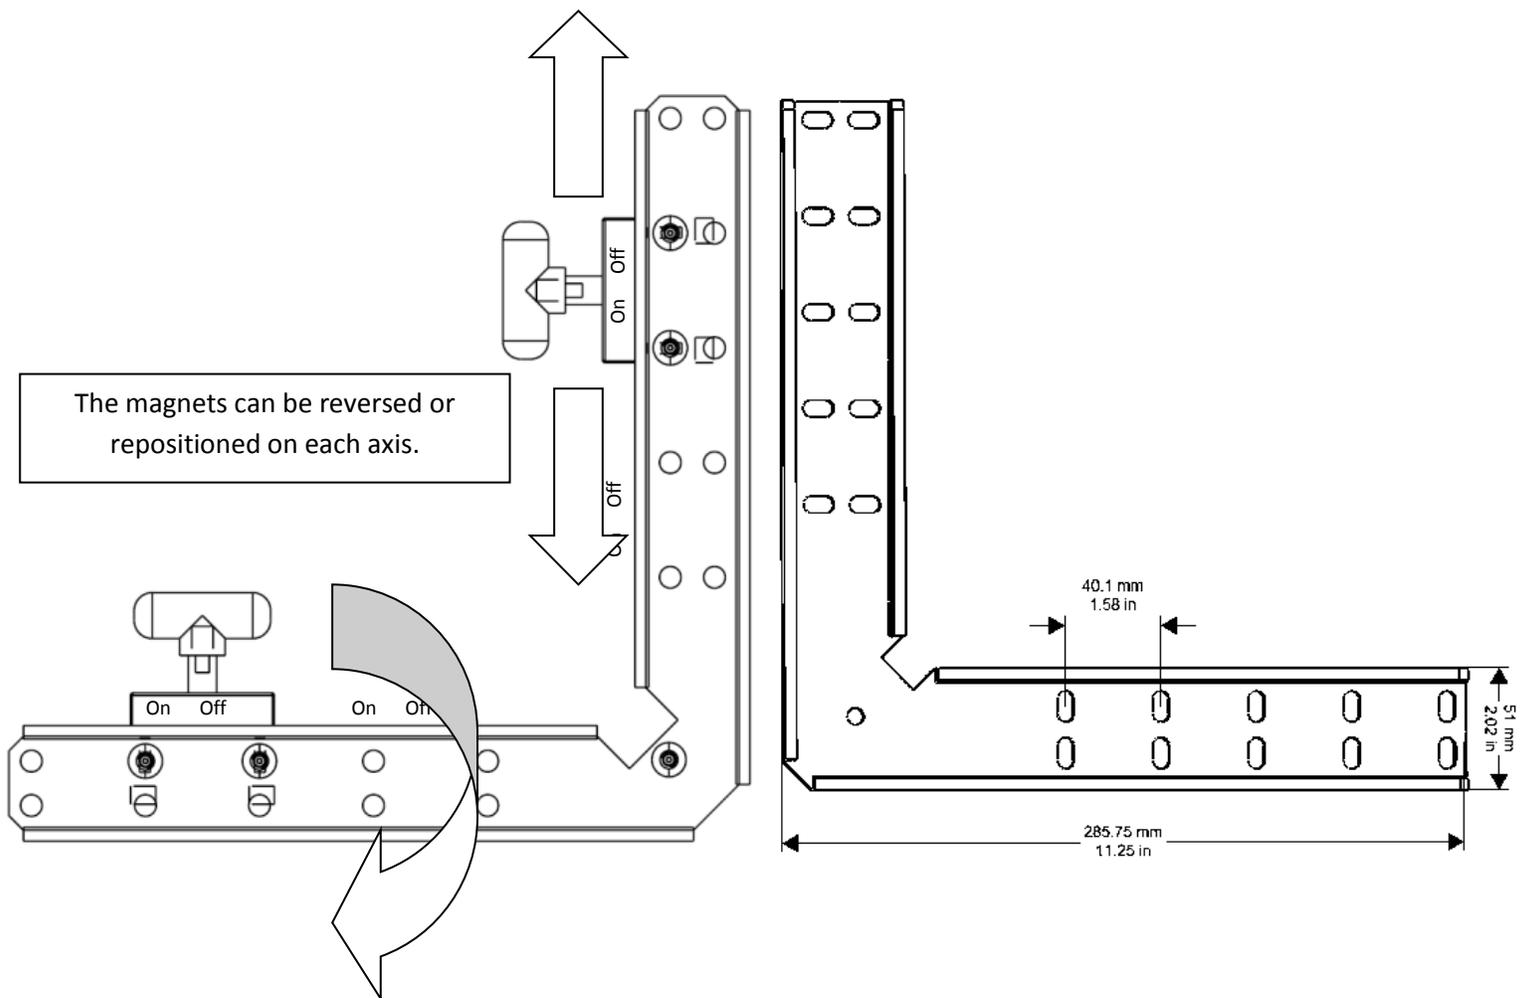

- Comes With Two Magnets, Will Accept Two More For Greater Holding Power.
- Most Versatile 90° Angle: Magnets Are Reversible For Inside Or Outside Holding.
- Most Versatile 90° Angle: Magnets Can Be Repositioned For Various Sizes Of Steel
 - Each Magnet Has **Up To** 600 Lbs(272 kg) Of Holding Power!
 - Allows For Secure Holding Of Pipe And Flat Steel
 - ½ Turn Of The Knob Turns The Magnets On/Off
 - Handles Lock In ON Position For Secure Hold
 - Push Down And Turn Counterclockwise To Turn Off
 - Turns Completely Off For Removal And Cleaning
 - No Batteries, No Electricity Required!
 - Item Weight 8lb4.5oz (3.76kg)

Magswitch Product Spec Sheet

Includes

1-90 Degree Angle 600 with 2-MagSquare 600's installed

- Uses M6x1.0x12mm stainless steel screws and washers to attach side plates (included).
- All "ON" sides of magnet must be facing the same way for proper strength. (ON—OFF—ON—OFF) similar to batteries in a flashlight.
